

**Festival Opening Day**  
September 22, TSU building I

<b>Activity</b>	<b>Organization</b>	<b>Time</b>
Festival hours		11:00 – 19:00
Festival grand opening: Formal speeches, TSU choir		12:00 – 13:00
<b>Festival Events</b>		
Simulations of archaeological digs	TSU	11:00 - 19:00
Exhibition of the student expedition: TSU ULF/VLF NET First stations of electromagnetic characteristics	TSU	11:00 - 19:00
Exhibition of the student scientific-engineering project “River Vere’s hydrological monitoring system”	TSU	11:00 - 19:00
Exhibition of the student scientific-engineering project “psychological testing – test your reaction time”, the joint project with St. Andrew the Apostle Georgian University students.	TSU	11:00 - 19:00
Exhibition experiment of the student scientific-engineering project “the workout machines-become a champion of oriental battles” the joint project with St. Andrew the Apostle Georgian University students.	TSU	11:00 - 19:00
“No to barbarisms”	TSU	11:00 –19:00
Exhibition experiment of the student’s scientific-engineering project „Noise in Tbilisi city”	TSU	11:00 – 19:00
Exhibition experiment of the student’s scientific-engineering project “smart things”. Exponat “Smart house.”	TSU	11:00 – 19:00
Exhibition experiment of the student’s scientific-engineering project “smart things”. Exponat “Automated watering system for home plants”	TSU	11:00 – 19:00
Exhibition experiment of the student’s scientific-engineering project “smart things”. Exponat “Talking thermomether”	TSU	11:00 – 19:00
Methodology of teaching the basics of engineering in the school. The project is being implemented in cooperation with St. Andrew the First Called Georgian University.	TSU	11:00 – 19:00
Exhibition experiment education project “energy teaching laboratory.”	TSU	11:00 – 19:00
Exhibition experiment project personal radiolocator “bat intuition”: vision and orientation in limited conditions.	TSU	11:00 – 19:00
Amusing biological experiments	TSU	11:00 – 19:00
Amusing chemical experiments	TSU	11:00 – 19:00
Amusing geography quizzes	TSU	11:00 – 19:00
Painting lessons	TSU	11:00 – 19:00
Scientific cognitive quiz, competition with robots, nitrogen show; masterclass: compete with the Guinness Worl’d Records person in solving rubik’s cube puzzle	TSU	
Bots with artificial intelligence, VISION AI, algorithm module, electronic platform for the study process.	The team from TSU and San Diego State (USA) SYSTEM CORP	11:00 – 19:00
Ozone simulation	TSU	11:00 - 19:00
Lectures with amusing experiments in chemistry, physics, geography and psychology of Children’s University	TSU	11:00 - 19:00
Symmulation of archaeological digs	TSU	11:00 - 19:00
Georg Gava’s flying objects		11:00 - 19:00
Concert by TSU Art	TSU Art	17:00 – 18:00
End of the opening day		19:00

## **Additional Information**

Relaxing hammocks at the festival area

Festival photo bus with free photos at the festival territory

Three Giffer from festival to broadcast in social media
